Wonderful place with wonderful people. The surf team are pros and can teach you to stand up on the Board within no time. The spot is very good and there are waves on which you can progress very fast. I took 4 lessons and began to ride. Also, there is a coworking area on the roof of the school where you can work during the day, the internet connection is good and reliable. I'm definitely coming back and highly recommend

Страхотно място не само да се учиш да караш сърф, а и да работиш. В Акаша има страхотен ко-уърк балкон, на който е спокойно (всички искаме това като работим), бърз интернет, гледка към морето, приветстват те с чаша кафе, общо взето мечтата на всеки дигитален номад. А учителите правят чудеса с теб за много кратко време, без значение кой сърф ще избереш за себе си.
